

## SPC Sweet Almond Eye Balm

This luxurious velvety balm melts into the skin leaving it soft and silky smooth to touch. It works to fight the signs of ageing by plumping and filling fine lines around the delicate eye area. The skin around the eyes is 1/3 thickness of the skin on our face therefore it is important to look after it early on.

Jojoba oil and almond oils come at the top of the list of ingredients followed by precious argane oil, extracted from the argane nut that only grows in remote areas of Morocco. There is skin-rejuvenating essential oil of frankincense, the oh-so-lovely and nutritious rosehip seed oil, and antioxidant vitamin E.

Altogether the combination acts as a powerful food to the delicate skin around the eyes. The eye area looks and feels smoother, brighter and pleasantly plumped-up.

To add a sparkle to your eyes and to help reduce puffiness, apply the Sweet Almond Eye Balm and hold a cold compress over the eye area for a few minutes. Or for an intense boost whilst you sleep, apply the SPC Vitamin E Line Serum first and then gently dab the Sweet Almond Eye Balm over the eye area.

Used in conjunction with the following luxurious treatments on offer at SPC:

- SPC Classic Definition Anti-ageing
- SPC Decadent Rose Facial

Price: £39.00 per 15ml
